CAREER OBJECTIVE

Full-stack developer specializing in the MERN stack and Next.js, with hands-on experience building production-ready, role-based web applications. Looking to join a growth-focused engineering team as a Full-Stack Developer, where I can apply my skills in secure authentication, RESTful API design, and scalable database architecture while continuing to grow as a professional developer.

SKILLS

Languages: JavaScript, TypeScript, C, HTML5, CSS3

Frontend: React, Next.js, Tailwind CSS, HeroUI, Framer Motion, Recharts

Backend: Node.js, Express 5, REST APIs, JWT/JWKS Authentication

Database: MongoDB, Aggregation Pipelines, Pagination

Tools: Git/GitHub, VS Code, Stripe, ImgBB, Vercel

Interpersonal Skills: Communication, Teamwork, Problem-Solving, Time Management, Adaptability

PROJECTS

PulseLink — Blood Donation Platform — *Full-stack MERN web app*

Links: [Live Demo](#) | [GitHub \(Client\)](#) | [GitHub \(Server\)](#)

- Built **3 role-based dashboards** (donor, volunteer, admin), each with tailored permissions and workflows.
- Implemented **JWKS-based JWT authentication** via Better Auth, securing all client-server communication with centralized API helpers.
- Designed **MongoDB aggregation pipelines** (using \$dateTrunc) to power time-series donation trend analytics, plus Stripe payments and ImgBB image hosting.

Tech Stack: React, Next.js, Node.js, Express 5, MongoDB, Better Auth, Stripe, ImgBB

IdeaVault — Startup Idea-Sharing Platform — *MERN idea-sharing platform*

Links: [Live Demo](#) | [GitHub \(Client\)](#) | [GitHub \(Server\)](#)

- Built a **custom trending algorithm** that ranks and surfaces the most engaging idea submissions.
- Implemented **threaded discussion functionality**, enabling nested, readable conversations that keep feedback organized.
- Authored **production-quality documentation** (README) to present the project professionally to recruiters and collaborators.

Tech Stack: React, Node.js, Express, MongoDB

EDUCATION

B.Sc. in Computer Science & Engineering | University of Global Village, Barishal, Bangladesh

2025 – Present (Expected 2028)

LANGUAGE PROFICIENCY

Bengali — Native | English — Professional Working Proficiency

EXTRA-CURRICULAR ACTIVITIES

- Competitive Programming — active practice on **HackerRank** (Data Structures & Algorithms).
